GASTRONOMY

The different cultures established in the province provided this place with a richness gastronomy. To eat in Huelva is synonym of eating well. We can highlight in the area:

Fish and seafood, **the white prawn**, boquerones, acedías, chocos, coquinas etc.

Meat, **the Iberian pork**, a very tasty meat

Mushrooms, a wide range in Huelva countryside, the most typical is **gurumelo**

Sweets with arab influence, almonds and honey are the base for cakes and cookies such as alfajores, polvorones, etc.

Olive oil, is the base of all the andalusian dishes. The province of Jaen is the largest producer of olive oil in the world

We can not forget **the strawberries** exported to all around Europe and very important for Huelva 's economy. They are flavorfull with high levels of vitamin C and are a source for antioxidants
